

## COVID-19 Consent Form Saltwater Performing Arts

This COVID-19 Consent Form supplements the Informed Consent and General Medical Authorization Form. Saltwater Performing Arts (SPA) will abide by recommendations set forth by the Center for Disease Control (CDC). As such, this Mitigation Plan is subject to change as CDC Guidance evolves.

### SPA's Mitigation Plan:

- Health screening conducted upon arrival, which may include a temperature check
- No person may attend a class, workshop, rehearsal, or other live event, including performances, if one or more of the following applies:
  - Such person exhibits symptoms of the Coronavirus, including but not limited to fever, chills, cough, trouble breathing, muscle pain, headache, sore throat, and/or new loss of taste or smell;
  - Such person has had close contact within the last 7 days with someone who has tested positive for the Coronavirus, unless that individual has had a negative PCR on or after the 5th day of exposure (subject to change, refer to CDC guidance);
  - Such person tests positive for the Coronavirus, has been diagnosed by a medical professional as having the Coronavirus, or is awaiting test results for the Coronavirus;
  - If an individual tests positive for Coronavirus, they may return in accordance with CDC Guidelines or the Department of Health.
- All classes, workshops and rehearsals will remain “closed” to guests including parents who should remain outside of the building during drop off and pick up
- Any approved visitors will be screened upon arrival
- Hygiene reminders at regular intervals
- Extra hand washing /sanitizer stations
- Social distancing of 6 or more feet whenever possible, and outdoor singing options when weather and space allows
- Participants must wear a mask during classes, workshops and rehearsals, as instructed
- Isolation and quarantine of any individual who becomes ill while in participation with SPA, requiring immediately pick-up by a parent or guardian

Although important, these efforts cannot eliminate the potential for exposure to COVID-19 or any other illness while participating with SPA. It is now commonly recognized that individuals with COVID-19 may be asymptomatic and show no signs or symptoms of illness, but can still spread the virus. Additionally, people may be contagious before their symptoms occur. It is for this reason that SPA makes no guarantee, either directly or implied, that a participant will not become infected even with the aforementioned Mitigation Plan in place.

Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have severe underlying medical conditions, like heart or lung disease or diabetes, seem to be at higher risk for severe illness from COVID-19. If you are in one of these groups, please ensure you have approval from your healthcare provider before attending a SPA sponsored event.

Staff members, volunteers, participants, cast members and families must each evaluate their unique circumstances and make informed decisions before attending SPA classes, workshops, rehearsals or events. We hope this information will be helpful as you make that choice.
